<ul style="list-style-type: none"> • I gained a new understanding of the mind, this was a really great course and Daniel did a great job making everything understandable • This course helped me learn more about AI relations and the philosophy behind AI and the mind. • Just learning the different theories expanded my knowledge regarding the concepts. Made me think of things I wouldn't have considered before. • We were introduced to various philosophers of mind and concepts regarding the philosophy of mind. Mainly ideas around the relationship between the body + mind, the basis of consciousness, computer consciousness, the ethics of ai, etc.

<ul style="list-style-type: none"> • This was a lot of fun, one of the first liberal arts classes I've taken where every topic was interesting, if you're interested in philosophy of mind especially. The work is challenging but not totally dense. We talked a lot about stuff regarding AI and non-human minds too. • this course is a discussion based course about the philosophy of the mind and AI interfaces. • You will be introduced to many ideas regarding the philosophy of mind, and be introduced to a wide breadth of concepts.
